Come join us in honoring and celebrating the diverse art within our community, to support our current film project, *All Sacred**

Goddess Night is a celebration of the creative energy that our Mother Earth holds. Artists from the Sun Valley, Boise and Boulder communities will come together to share their own creativity in making a statement that all of life is sacred and that we must restore the balance of the male and female energy in order to live in peace.

Goddess Night will feature Middle Eastern, Hula, Ballet & Latin Dancers, Singers, Drummers, Didgeridoo, Comedy, Spoken Word, Poetry Readings, Visual Art Exhibition & more!

Sun Valley filmmaker Lori Joyce of Idanha Films has produced several award winning documentaries in the past twenty years, including its best known, Emmy nominated *The Journey of Sacagawea* currently airing nationally on PBS and *In Remembrance of Martin*.

**All Sacred* is the newest film by Idanha Films, a non-profit film company committed to peace, justice, environmental and social issues. The fundraiser will also benefit The Advocates, a local women's organization that works with survivors of domestic violence & sexual assault.

Goddess Night is sponsored by **Spirit @ Work Events**, Boise.
